Response:

The City agrees with this recommendation, and will explore avenues to assist in decreasing truancy, but it will not be implemented at this time as it is not warranted. The Martinez Unified School District (MUSD) reports an 11% truancy rate, well below the State average (31.1%). The Martinez Police Department works closely with the MUSD on many different levels, to include issues related to truant students. The police department does not currently have a School Resource Officer (SRO) due to staffing issues, but we do anticipate having an officer assigned to the SRO position as resources allow; this future endeavor may hinge on support from the Martinez Unified School District. The SRO would help to improve the working relationship we currently have with the school district and provide additional resources toward truant/chronic absent students. The SRO will also be a part of the MUSD Student Attendance Review Board (SARB) process. Should this information change, we will collaborate with the MUSD and School Board on ways to best address the problem.

It should be noted that the City does have a Curfew Ordinance (Martinez Municipal Code 9.80.010) in place; however, it does not specifically apply to a daytime curfew. The current ordinance focuses on a curfew for minors between the hours of 10:00 p.m. and 6:00 a.m.

Sincerely,

Robert Schroder
Mayor
